

# RISE Mentorship Program Sponsorship

## What is the RISE Mentorship Program?

The RISE Mentorship program is a 3 month structured, virtual mentorship program pairing one mentor with one mentee. This is focused to model an effective mentor relationship. Mentors and mentees are paired based off of interests, locations, and with their respective roles/companies in mind, to avoid any conflicts. Each pair **meets every 2 weeks for 3 months**. After the 3 months, each pair decide whether or not to continue the arrangement without guidance, or make adjustments to meeting frequency and style.

## Who are the Mentors?

The RISE Mentors are insurance professionals with more than 10 years experience in their field registered with interest in becoming a RISE mentor. Each mentor completes a RISE Mentor training with resources to guide the program to a successful completion.

## Who are the Mentees?

The RISE Mentees are insurance professionals with less than 10 years experience in their field registered with interest in becoming a RISE mentee.

## Program Success

Both the mentors and mentees receive additional support from the RISE executive team and Mentorship Monday meetings hosted on the 1<sup>st</sup> Monday of each month. At the end of the program a feedback meeting is conducted and a certificate of completion is awarded to both the mentor and mentee.
